(Link) A: I found solution. The problem is that I want to extract the text and images from ePub file. I created this program it has two option : 1. If you don't want to convert to PDF, just select your original EPUB file (like default.epub) 2. If you want to convert the first 10 of the books to PDF, then select the title of the book that you want to convert to PDF. Other than that, you have to select the option YES to retrieve the links of the images and text (Link to your books) eBookKitab-ePub-Book has version 2.0. This program is only for Windows (7+). To Run it: Download eBookKitab-ePub-Book open program select the option YES to
