Tiger Fighter 1931 Tora!Tora!Tora! ( TGS '76) is a martial arts based shoot 'em up with a helicopter mode for online play. It is the sequel to the 2016 release -Tiger Fighter: Tora!Tora!Tora!. It is currently a free DLC( downloadable content) for Tiger Fighter: Tora!Tora!Tora! Our current channel is : The first Run Mode will be added to the DLC! This software is available for steam and play is coming soon! The players will be able to get to a new mode. A very interesting new mode in which they shoot down green and red aircraft without the use of any weapons. You can also see the background of the game in the interest of the player at the start of the mission. This will be an extended way to see the game. The way to succeed is to fly a combination of airplanes in the battle. Catch up as quickly as possible to avoid combat. Don't die in the middle of the battle, and if you do, there will be no comeback. Experience the fun of the battle world and the story of Tiger Fighter. Note: The inclusion of multiple languages for this is not available. Kanji Play Details Tiger Fighter: Tora!Tora!Tora!
