Play Nyanco when your pet is called up by the pet icon and press the "CALL Mascot" button. When you want to use the pets or place a pet in the TV screen, pause the game. What's New ----- - New mascot character - Pets can be summoned by the mascot character when you play the game the first time since 1936. Former Big East coach Jim Boeheim was left out of the all-time Big East team, which should not come as a surprise to those who have followed the program. The No. 1 pick in the 1998 NBA Draft, Lucious Harris, had a career with the Orange that went above and beyond his second-round selection. Harris was a 15-time All-American, a three-time Big East Player of the Year, a 1999 National Player of the Year, a 1999 Naismith College Player of the Year, and a 2001 Wooden Award Finalist. Harris was a member of the '98 and '99 national title teams. The Big East doesn't seem to be making any moves to add more teams. Syracuse and Pittsburgh are perhaps the biggest additions to the league since the 2010 expansion to 12 teams and those two teams will be starting in the East and West divisions, respectively, leaving the conference at nine teams. Connecticut, St. John's, Georgetown, Providence, and Seton Hall will be playing in the East Division with Syracuse, Pittsburgh, and Villanova or Xavier for the West. It is quite clear that the biggest move the league has made has been changing

---

itself from what it was. As recently as five years ago, teams like St. John's and Georgetown were in their infancy and not in the same position as schools like Syracuse, Seton Hall, Villanova and Georgetown, but have been able to become much more competitive. Now the Big East is made up of solid programs and it has become one of the better conferences in the country. It will be interesting to see how the Big East continues to progress in the coming years. The present invention relates to wellbore tubulars and more particularly to wellbore tubulars having reduced swell during wellbore treatment. In the drilling of oil and gas wells, a well bore is formed using a drill bit which is urged downwardly at a lower end of a drill string. After drilling a predetermined depth, the drilling operation is normally halted, and a string of casing is run into

**(Lamb and Lion) Tiny witch is one of the most chilling dance characters I've ever had the pleasure to see. Charmingly named "Lamb and Lion," the troupe holds a second masked chair or set of chair backs, which Matt Marmur is currently sitting in. This outfit was also refitted by the troupe for a night at the Cutler. Roxy Stravinsky is fated to be a dancer, always. She enters the room in a flowered summer dress, earrings, and that loosely taken on top hat. She immediately exudes comfort with those around her. It's obvious from a glance that she attends with the troupe's general manager Matthew and is off to see Joshua Bell. As someone with a usual constitution of only having the typical seven vices, she's quick with a wry remark at herself or someone else's routines, at least in the friendliest of fashions. Jenny Pachner, a svelte, often of a bandage headed dancer, is right behind as the show's assistant or twinkling lights operator, doing her best to match Matt. But Jenny is immediately imperceptible to Roxy's attention. The first song is Anthony Braxton's "Big Anthony," and Roxy addresses the room, deftly reminding us to: "No theater -- No pantomime!" I'm so glad, as Braxton has about the best line in the piece in my opinion, at least I think I know his words. This song's dancers split into four for its second verse. I was delighted when they revealed that this style, if not number, was known as a "hypnotic gait." For the next bit, Elizabeth Holley and Aimil Francis in the tablier is made of trapeze just can't heal. Like a good spiral through various lines on and around the ground, as the floor offers undulations so great that it's hard not to respond to them, the dancer Anissa Carvalho is flanked by dancers Nick Lee and Jasmine Orr on either side. It is at all of the least gorgeous time in the piece when Jasmine, to my delight, will slowly reach behind her back, sending her mark, Nick, spinning and lifting her into someone else. Joshua Bell has a faultless drawing of Malcolm X. Danny Boyle did this for the troupe in the past, which is why I love him so much. He's**
