The answer is that you will have to download and install a version of Java Runtime Environment compatible with your OS (in your case: Windows 7). The Java Developers would be the folks who will be able to help you with this. HTH, Ben. Purchasing Options:\$ = USD Description Threats to vulnerable ecosystems in the world's oceans are increasing, and improved monitoring of coastal zones is essential. Traditional approaches to dealing with environmental problems are often expensive and disruptive, and long-term observation of ecological systems is usually limited by difficulty of field site access. This volume examines current approaches to oceanographic monitoring and suggests approaches for its future development. It also highlights the need for improved communication and data sharing, and the need for a more coordinated approach to assuring environmental safety and security.Q: CSS: how to set a global max-height for the entire body? It is possible set a global max-height for the entire body, so I can set a different height for the middle column if the overall size is more than 850px wide?
