. See what she made me do. And after taking her in front of my daughter, she looked up at me and said, "She's getting bigger." She walked over to me, grabbed my cock and started to suck on it, just as she had done with my daughter. We never said a word, but I knew what she wanted and she knew I had no desire to deny her. I had just seen my own daughter get fucked. She brought my dick up to her lips and sucked it with a skill she'd never shown before. She slowly moved her mouth up and down the shaft and up and down the head of the cock. I put my hand on the back of her head and pushed her down, pressing her face against the cock. Her hands were still on the shaft of my cock, but not enough to feel the weight of her breasts, or the heat of her legs. In a lot of ways, I am more comfortable with my daughter, but she is more vibrant, with her dark, rich hair and her bright eyes. She is more sexual than I am. She is bubbly and full of life, and it is hard to imagine her ever getting taken advantage of. My wife, like all Asian women, is in the minority in America, and at least in the Detroit area, she is from Korea, while my daughter and I are from Thailand. I can barely communicate with my wife or even my daughter about sex, let alone the culturally forbidden topic of losing one's virginity. And that's a shame. When my daughter was a pre-teen, she would talk about sex constantly, and we would try to explain the parts of the female body to her, and how she would change as she got older. "I see you big motherfucker! You see, mommy? You see how it's coming in? She's getting fat," I say. "You should see that fat ass she has, mommy!" my daughter says. "She won't be fat forever, mommy!" I said. "You ain't wanna know, mom!" my daughter said. My wife and I didn't know what to say, but my daughter and I were in agreement. My daughter knew what her mom was going to look like when she got old and I knew how she would look as an adult woman. My 6d1f23a050
